MANIA-C

RULES:

Round 1 (in Day 1): Comprises of 50 objectives type (multiple choice) questions to be solved in 60 minutes. A positive one (1) will be awarded for every right answer, while one-third (1/3) will be deducted for every wrong answer. The test will be of written format.

Round 2 (in Day 2): Selected candidates from ROUND 1 will have a coding session comprising 4 problems, of which each team is required to solve any 3 within 2 hours. Evaluation of the codes pertaining to the specified problems will be adjudged on the basis of space and computational time.

Note: NUMBER OF PARTICIPANTS IN EACH GROUP IS STIPULATED TO 2(Two)
